

## The After-hours Health Care Network in Auckland

The After-hours Health Care Network is a partnership between Auckland, Waitemata and Counties Manukau District Health Boards, the Auckland Primary Health Care Organisations and the participating Accident and Medical Clinics.

# After-hours care now costs less

for those most at risk

Remember, if someone is badly injured or has difficulty breathing always call emergency services 111 first.

### REDUCED CHARGES

Reduced charges are available to those considered most at risk including children under six years, adults 65 years and older and low income individuals and families. Lower after-hours charges apply 6pm–8am weekdays, all weekend and on public holidays.

### THE NETWORK

The After-hours Health Care Network has centres throughout Auckland and all of them are open until at least 10pm. Four of the centres also offer extended 24-hour services as shown below.

### WHAT TO DO

If you or family members are unwell at night, during the weekend or on a public holiday call your doctor first. They will be able to advise or direct you to the nearest accident and medical centre that is a member of the After-hours Health Care Network. Also you can visit any of the network clinics listed below.

### BRING YOUR CARD

If you are a patient with a Community Services Card or a High User Health Card bring it along to prove eligibility for reduced charges.

The After-hours Health Care Network provides after-hours health care that costs less for qualifying patients.
